## Introduction

---

Welcome to the UnitedHealthcare StudentResources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company (“the Company”).

The school (referred to as the “Policyholder”) has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or “PPO” plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan’s network of “Preferred Providers” and “In-Network” providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as “Out-of-Network Providers.” However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan’s web site at [www.uhcsr.com](http://www.uhcsr.com). The web site will allow the Insured to easily search for providers by specialty and location.

## Section 1: Who Is Covered

---

The Master Policy covers students and their eligible Dependents, when the plan includes Dependent coverage, who have met the Policy’s eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Paid the required premium in full.

International Students are required to enroll in Student Health Insurance as a condition of their enrollment at The Ohio State University regardless of credit hours. International Students enrolled exclusively in Distance Learning courses are not eligible for coverage under this Plan. International students cannot waive coverage unless they are fully sponsored by their government and automatically have healthcare coverage insurance provided as a participant in the program; a dependent of a U.S. based employee plan; or the student is covered under a US-based health insurance policy as a US-based employee, or have permanent U.S. residence status. The plans must meet minimum coverage requirements comparable to the Student Health Insurance being offered by The Ohio State University. To request a waiver, submit a Petition to Waive located at <http://www.shi.osu.edu> under Important Forms.

Coverage availability is guaranteed for all individuals who meet the eligibility requirements.

Students meeting the eligibility requirements are automatically enrolled in the Student Health Insurance Plan each year.

### Interim Coverage

Students enrolling at The Ohio State University for the first time and meeting the following criteria are eligible to purchase interim insurance in order to have coverage in advance of the effective date of the new term of enrollment:

- International student
- Graduate or professional student
- Undergraduate student required to arrive early to campus by an Ohio State program.
- Undergraduate student whose personal insurance expires between July 16, 2020 and August 17, 2021.

Interim insurance provides up to 4 weeks of extended coverage. A pro-rated, weekly premium must be paid to the Office of The University Bursar for this coverage in addition to the standard rate for the upcoming enrolled term.

### **Refund Policy**

Coverage will be terminated and any premium will be refunded on the student's account up through the 2nd Friday of the school term if the student drops below eligible credit hours or withdraws from classes. For students withdrawing from the University after the second Friday of the school term, health insurance premiums will not be refunded. Exception: A covered person entering the armed forces of any country will not be covered under the policy as of the date of such entry. In this case, a pro-rata refund will be made for any such person and any covered dependents upon written request received by The Ohio State University within 90 days of withdrawal from school. There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces or if eligibility requirements are not met, including but not limited to dismissal from the university.

### **Dependent Coverage**

If the plan includes Dependent coverage, then eligible students who do enroll may also insure their Dependents.

When the policy includes Dependent coverage, eligible Dependents include:

- 1) The Insured Person's legal spouse.
- 2) The Insured Person's Domestic Partner, if Domestic Partner is included as a "Class of Person to be Insured" as specified in the Policyholder Application.
- 3) Dependent children up to age 26.
- 4) Disabled children beyond age 26 if the child is:
  - (a) Incapable of self-sustaining employment by reason of intellectual disability or physical handicap.
  - (b) Chiefly dependent upon the Insured Person for support and maintenance.
- 5) Children for whom the parent is required by court or administrative order to provide coverage.

Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

When the Policy includes Dependent coverage, the eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
  - a. On the date the Named Insured acquires a legal spouse or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
  - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Coverage availability is guaranteed for all individuals who meet the eligibility requirements specified above.

### **Special Enrollment Period**

Eligible students may enroll themselves and their eligible Dependents, if the plan includes Dependent coverage, during a special enrollment period. A special enrollment period is not available to an eligible student or eligible Dependent if coverage under the prior plan ended for cause or because premiums were not paid on a timely basis.

A special enrollment period applies to an eligible student and any eligible Dependent when one of the following events occurs:

1. Birth.
2. Legal adoption.
3. Placement for adoption.
4. Marriage.

A special enrollment period also applies for an eligible student and/or eligible Dependent who did not enroll during the initial enrollment period if any of the following are true:

1. The eligible student previously declined coverage under the Policy, but the eligible student and/or eligible Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the completed enrollment form and any required premium is received by the Company within 60 days of the date of determination of subsidy eligibility.
2. The eligible student and/or eligible Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the initial enrollment period and coverage under the prior plan ended because of any of the following:
  - Loss of eligibility (including legal separation, divorce or death).
  - The employer stopped paying the contributions. This is true even if the eligible student and/or eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  - In the case of COBRA continuation coverage, the coverage ended.
  - The eligible student and/or eligible Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
  - The plan no longer offers benefits to a class of individuals that includes the eligible student and/or Dependent.
  - The eligible student and/or eligible Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the completed enrollment form and any required premium is received by the Company within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. The completed enrollment form and any required Premium must be received by the Company within 31 days of the event unless otherwise noted above.

For an eligible student and/or eligible Dependent who did not enroll during the initial enrollment period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if the completed enrollment form and any required premium is received by the Company within 31 days of the date coverage under the prior plan ended.

## **Section 2: Effective and Termination Dates**

---

The Master Policy becomes effective at 12:01 a.m., July 21, 2020. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 16, 2021. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. When the Policy includes Dependent coverage, the coverage provided with respect to any Dependent shall not be effective prior to that of the Insured student or extend beyond that of the Insured student.

The Policy provides One Year Term coverage. Coverage renewal is guaranteed for the Named Insured and eligible Dependents, when the plan includes Dependent coverage, as long as the Policy remains in force and the Named Insured continues to meet the eligibility requirements of the Policy. Dependent coverage ceases when the individual no longer meets the definition of Dependent in the Policy.

## Section 3: Coverage Status and Qualifying Events

---

There are four types of coverage status available:

1. Student Only
2. Student and Spouse/Domestic Partner
3. Student and Child(ren)
4. Student and Family: Spouse/Domestic Partner, and Child(ren).

The default coverage status is for single, Student Only. Students who want to change their coverage status must change coverage online through <http://www.buckeyelink.osu.edu> by the deadline for the first term of enrollment each policy year.

Students are required to remain in the same coverage status initially selected upon enrollment for each term Student Health Insurance is purchased between Autumn 2020 and Summer 2021, unless the student experiences a qualifying event.

### Qualifying Event

The Student must meet minimum eligibility requirements for the term of the qualifying event. A Qualifying Event is defined as an event that could result in a change of Coverage Status and includes: 1) marriage, divorce or initially meeting requirements of domestic partnership, 2) child birth or adoption, 3) death, 4) dependent reaching the age limit of another health insurance plan, 5) first time arrival of dependent to the United States from a foreign homeland, 6) gain of coverage as result of the student becoming employed, 7) a change in the student, parent, or spouse's employment resulting in eligibility for benefits or the involuntary loss of coverage, and 8) attainment of minimum eligibility requirements after the 2nd Friday of the term.

**Note:** Eligibility for or loss of university subsidy, government subsidy programs, or other changes in financial circumstance are not qualifying events. Contact Buckeye Link <https://www.buckeyelink.osu.edu/> for payment options at **(614) 292-0300**.

If a student experiences a qualifying event, the student must complete and submit a Coverage Status Change Form along with supporting documentation to the Student Health Insurance office within 31 days of the qualifying event. If a student experiences a qualifying event during a term that the student is not enrolled, a Coverage Status Change Form along with supporting documentation should still be sent to the Student Health Insurance office within 31 days of the qualifying event, but the effective date of the requested change will be the first day of the term in which the student returns to The Ohio State University.

If the Coverage Status Change Form representing a request to add coverage is made in accordance with this plan, the student must meet the minimum eligibility requirements. If the request is approved, the coverage will be retroactive to the date of the qualifying event.

If the Coverage Status Change Form to terminate coverage is made in accordance with the Plan and approved, the termination will be effective the first day of the following coverage period and there will be no pro-rata refund of premium (during the term of the qualifying event).

**If a student misses the 31 day deadline, the next opportunity to change Coverage Status will be at the beginning of the next policy year.**

Coverage Status Change Forms are available from the Student Health Insurance office, or online at <http://www.shi.osu.edu> under Important Forms.

## Section 4: Extension of Benefits after Termination

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

### **DEFINITIONS**

- A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
- (1) **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
  - (2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

- B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract

providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

- C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

- D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses.
  - (2) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
  - (3) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
  - (4) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
  - (5) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

## ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B. (1) Except as provided in Paragraph (2), a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
- (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:
- (1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.
  - (2) Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:
    - (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      - The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
      - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
      - However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
    - (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      - (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
      - (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
      - (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
      - (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
        - The **Plan** covering the **Custodial parent**;
        - The **Plan** covering the spouse of the **Custodial parent**;
        - The **Plan** covering the **non-custodial parent**; and then
        - The **Plan** covering the spouse of the **non-custodial parent**
    - (c) For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
  - (3) Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.
  - (4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.
  - (5) Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
  - (6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

## EFFECT ON THE BENEFITS OF THIS PLAN

- A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

## **RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION**

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. HealthSmart may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. HealthSmart need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give HealthSmart any facts it needs to apply those rules and determine benefits payable.

## **FACILITY OF PAYMENT**

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, HealthSmart may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. HealthSmart will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

## **RIGHT OF RECOVERY**

If the amount of the payments made by HealthSmart is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## Section 11: Definitions

---

**ADOPTED OR FOSTER CHILD** means the adopted child or foster child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted or foster child not more than 31 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

Benefits will also be provided for another child placed in court-ordered temporary or other custody of the Insured from the moment of placement.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

**COINSURANCE** means the percentage of Covered Medical Expenses that the Company pays.

**COMPLICATION OF PREGNANCY** means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

**CONGENITAL CONDITION** means a medical condition or physical anomaly arising from a defect existing at birth.

**COPAY/COPAYMENT** means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

**COVERED MEDICAL EXPENSES** means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the Policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the Policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

**CUSTODIAL CARE** means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.

3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DAY HOSPITAL** means a facility that provides day rehabilitation services on an outpatient basis.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**DEPENDENT** means:

1. The legal spouse of the Named Insured
2. The Domestic Partner of the Named Insured.
3. Their dependent children.

Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the Policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

**DOMESTIC PARTNER** means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

**ELECTIVE SURGERY OR ELECTIVE TREATMENT** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**EMERGENCY SERVICES** means with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and
2. Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital.

With respect to emergency services, "stabilize" means medical treatment as may be necessary to assure, within reasonable medical probability, that:

1. No material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.
2. With respect to a pregnant woman who is having contractions, the pregnant woman will not deliver (including the placenta).

Habilitative services include occupational therapy, physical therapy, speech therapy, and other services for people with disabilities.

Habilitative services do not include Elective Surgery or Elective Treatment or services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

**HOSPITAL** means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

4. Treated by a Physician within 30 days after the date of accident.
5. Sustained while the Insured Person is covered under the Policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to the Policy's Effective Date will be considered a Sickness under the Policy.

**IN-NETWORK PROVIDER** means Physicians, Hospitals and other health care providers who have contracted with the Company to provide specific services at negotiated prices to the Insured Person. The Insured Person will pay more for Covered Medical Expenses to see an in-network provider as compared to a Preferred Provider, but less than to an Out-of-Network Provider.

2. Serious impairment of bodily functions.
3. Serious dysfunction of any body organ or part.
4. In the case of a pregnant woman, serious jeopardy to the health of the woman or her unborn child.

Expenses incurred for Medical Emergency will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

3. In accordance with the standards of good medical practice.
4. Not primarily for the convenience of the Insured, or the Insured's Physician.
5. The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

The Policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

**MENTAL ILLNESS** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the Policy, all mental health or psychiatric diagnoses are considered one Sickness.

**NAMED INSURED** means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the Policy; and 2) the appropriate premium for coverage has been paid.

**NEWBORN INFANT** means any child born of an Insured while that person is insured under the Policy. Newborn Infants will be covered under the Policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

3. Provide at least the following basic services in a 24-hour per day, structured setting:
  - Room and board.
  - Evaluation and diagnosis.

- Counseling.
- Referral and orientation to specialized community resources.

A residential treatment facility that qualifies as a Hospital will be considered to be a Hospital.

**SICKNESS** means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under the Policy. ## Section 14: General Provisions

---

**NOTICE OF CLAIM:** Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by the Policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company, 3320 West Market Street, Suite 100, Fairlawn, OH 44333-3306 with information sufficient to identify the Named Insured shall be deemed notice to the Company.

**CLAIM FORMS:** Claim forms are not required.

**PROOF OF LOSS:** Written proof of loss must be furnished to the Company at its office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

**TIME OF PAYMENT OF CLAIM:** Indemnities payable under the Policy for any loss will be paid immediately or within 30 days upon receipt of due written proof of such loss.

**PAYMENT OF CLAIMS:** All or a portion of any indemnities provided by the Policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

**PHYSICAL EXAMINATION:** As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law.

**LEGAL ACTIONS:** No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

**SUBROGATION:** The Company shall be subrogated to all rights of recovery which any Insured Person has against any person, firm or corporation to the extent of payments for benefits made by the Company to or for benefit of an Insured Person. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

If the full value of an Insured Person's recovered amount is reduced due to: 1) comparative negligence; 2) a party's liability under sections 2307.22 to 2307.28 of the revised code; 3) the collectability of the full value of the claim for injury, death, or loss resulting from limited liability insurance; or 4) any other cause, then the Company's recoverable amount shall be diminished in the same proportion as the Insured Person's.

**RIGHT OF RECOVERY:** Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

**MORE THAN ONE POLICY:** Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life, health, or safety of the Insured Person or others due to the Insured's psychological state; or

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on the a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

### **RIGHT TO EXTERNAL INDEPENDENT REVIEW**

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

  8. After completion of the IRO's review, upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

#### **Expedited Experimental or Investigational Treatment External Review (EEIER) Process**

An Insured Person, or an Insured Person's Authorized Representative, may submit an oral request for an Expedited Experimental or Investigational External Review when:

1. An Insured Person or an Authorized Representative may make an oral request for an Expedited Experimental or Investigational Treatment External Review (EEIER) with the Company at the time the Insured Person receives:
  - a. An Adverse Determination if:

- The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
  - The Adverse Determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Insured Person's treating physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated; or
- b. A Final Adverse Determination, if:
- The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
  - The Final Adverse Determination is based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated.

An EEIER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EEIER request notice, the Company shall immediately complete a preliminary review to determine that:
- a. The individual was an Insured Person covered under the Policy at the time the service was recommended or provided;
  - b. The recommended or requested health care services or treatment:
    - Is a Covered Medical Expense under the Insured Person's Policy except for the Company's determination that the service or treatment is experimental or investigational for a particular medical condition; and
    - Is not explicitly listed as an Exclusion or Limitation under the Insured Person's Policy;
  - c. The Insured Person's treating Physician has certified that one of the following situations is applicable:
    - Standard health care services or treatments have not been effective in improving the condition of the Insured Person;
    - Standard health care services or treatments are not medically appropriate for the Insured Person;
    - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;
  - d. The Insured Person's treating Physician:
    - Has recommended a health care service or treatment that the Physician certified, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion, than any available standard health care services or treatments; or
    - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
  - e. The Insured Person has exhausted the Company's Internal Appeal Process unless the Insured person is not required to do so as specified in sub-sections 1. a. and b. above; and
  - f. The Insured Person has provided all the information and forms necessary to process the request.
3. The Company shall immediately notify the Superintendent, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for an EEIER.
- a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or
  - b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Superintendent.
4. After receiving notice that a request is eligible for EEIER, the Superintendent shall immediately:
- a. Assign an IRO from the Superintendent's approved list; and
  - b. Notify the Company of the name of the assigned IRO.
5. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
6. a. If the EEIER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EEIER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EEIER.
- b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EEIER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.

7.
  - a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the EEIER.
  - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Superintendent, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
8. Each clinical reviewer assigned by the IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
9. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
  - a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the EEIER.
  - b. The EEIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the EEIER.
  - c. If the Company reverses its decision, the Company shall immediately provide written notification to the Superintendent, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the EEIER.
10. Each clinical reviewer shall provide an oral or written opinion to the IRO no later than 5 calendar days after being selected by the IRO.
11. The IRO shall make a decision and provide oral or written notice of its decision within 48 hours after receipt of the opinions from each clinical reviewer.
12. Upon receipt of the IRO's notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

#### **EXTERNAL REVIEW BY THE OHIO DEPARTMENT OF INSURANCE**

An Insured Person is entitled to an External Review by the Ohio Department of Insurance in either of the following circumstances:

1. The Adverse Benefit Determination is based on a contractual issue and did not involve a medical judgment or a determination based on medical information.
2. The Adverse Benefit Determination is based on the Company's determination that a medical condition did not meet the definition of Medical Emergency and the Company's decisions has already been upheld through an External Review by an IRO.

#### **BINDING EXTERNAL REVIEW**

An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

## **Section 18: Pediatric Dental Services Benefits**

---

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

### **Section 1: Accessing Pediatric Dental Services**

#### **Covered Dental Services**

The Insured Person is eligible for benefits for Covered Dental Services listed in this section if such Dental Services are Necessary and are provided by or under the direction of a Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service.

#### **Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

#### **Pre-Authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered.

Pre-authorization requests will be responded to within 48 hours for Urgent Care Requests, or 10 calendar days for any pre-authorization request that is not for Urgent Care Requests. Our response will indicate whether the request is approved or denied. If the pre-authorization is denied, we will provide the specific reason for the denial.

If the request is denied, the Insured Person should refer to the Notice of Appeal Rights section of this Certificate for instructions on how to submit an appeal.

If the pre-authorization request is incomplete, we will indicate the specific additional information that is required to process the request.

If the Insured Person does not obtain a pre-authorization, benefits for orthodontic services will be subject to a reduction of \$500 per occurrence.

**Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions*.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Benefits for Eligible Dental Expenses are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the Dental Provider's billed charge exceeds the Eligible Dental Expense.

**Dental Services Deductible**

Benefits for pediatric Dental Services are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

The Dental Services Deductible per Policy Year is \$500 per Insured Person.

**Out-of-Pocket Maximum** - any amount the Insured Person pays in Coinsurance, for the Dental Services Deductible, and for the reduction for failure to obtain pre-authorization for pediatric Dental Services applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

**Benefits**

Dental Services Deductibles are calculated on a Policy Year basis.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

**Covered Dental Service** - a Dental Service or Dental Procedure for which benefits are provided under this section.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Dental Services Deductible** - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for benefits in that Policy Year.

**Eligible Dental Expenses** - Eligible Dental Expenses for Covered Dental Services incurred while the Policy is in effect. When Covered Dental Services are received from Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

**Experimental, Investigational, or Unproven Service** - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

**Foreign Services** - services provided outside the U.S. and U.S. Territories.

**Necessary** - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy:
    - For treating a life threatening dental disease or condition.
    - Provided in a clinically controlled research setting.
    - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this Dental Benefit section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

**Usual and Customary Fee** - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

The Preferred Providers for this plan are OSU Health Plan Network in Franklin County and UnitedHealthcare Options PPO outside Franklin County. In-Network Providers for this plan are UnitedHealthcare Options PPO providers inside Franklin County.

If care is received from a Preferred Provider (OSU Health Plan Network in Franklin County and UnitedHealthcare Options PPO outside Franklin County) any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If care is received from an In-Network Provider (UnitedHealthcare Options PPO inside Franklin County) any Covered Medical Expenses will be paid at the In-Network level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. **Refer to the Out-of-Network Emergency Services provision, Section 6: Preferred Provider Information, for details on how benefits are calculated for an Emergency Service.** In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

When treatment is rendered outside the United States, Covered Medical Expenses will be paid at the Preferred Provider (Tier 2) level of benefits.

**Out-of-Pocket Maximum:** After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Covered Medical Expenses used to satisfy any of the Out-of-Pocket Maximums will be applied to the Preferred Provider, In-Network Provider and Out-of-Network Out-of-Pocket Maximums. Any applicable Coinsurance, Copays, or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with Policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Any amount the Insured Person pays in Coinsurance, Copayments or Deductibles for covered Pediatric Dental Services or covered Pediatric Vision services applies to the Out-of-Pocket Maximum.

**Family Out-of-Pocket Maximum:** Once an Insured Person in a family meets their Per Insured Person, Per Policy Year Out-of-Pocket Maximum, no further Out-of-Pocket Maximum is required for that Insured Person. Other covered family members must continue to meet their Per Insured Person, Per Policy Year Out-of-Pocket Maximum until the overall family

Policy Year Out-of-Pocket Maximum has been met. Once the overall family Policy Year Out-of-Pocket Maximum amount has been met, no further Out-of-Pocket Maximum amount will be required for any family member covered under the Policy for the remainder of the Policy Year.

**Family Deductible:** Once an Insured Person in a family meets their Per Insured Person, Per Policy Year Deductible, no further Deductible is required for that Insured Person. Other covered family members must continue to meet their Per Insured Person, per Policy Year Deductible until the overall family Policy Year Deductible amount has been met. Once the overall family Policy Year Deductible amount has been met, no further Deductible amount will be required for any family member covered under the Policy for the remainder of the Policy Year. Covered Medical Expenses used to satisfy the In-Network Deductibles will be applied to the Out-of-Network Deductibles, and Covered Medical Expenses used to satisfy the Out-of-Network Deductibles will be applied to the In-Network Deductibles. The Preferred Provider Deductibles do not apply to the In-Network and/or Out-of-Network Deductibles.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider, In-Network and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section of the Certificate of Coverage for a description of the Covered Medical Expenses for which benefits are available.

## POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

**President**

**It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:**

An Insured Person under this insurance plan is eligible for Assistance and Evacuation Benefits in addition to the underlying plan coverage. The requirements to receive these benefits are as follows:

International Students are eligible to receive Assistance and Evacuation Benefits worldwide, except in their Home Country. The International Student's insured spouse, Domestic Partner (if listed as a "Class of Person" to be insured in the Policyholder Application), and insured minor child(ren) are also eligible to receive Assistance and Evacuation Benefits worldwide, except in their Home Country.

### **Assistance and Evacuation Benefits**

#### **DEFINITIONS**

The following definitions apply to the Assistance and Evacuation Benefits described further below.

"Emergency Medical Event" means an event wherein an Insured Person's medical condition and situation are such that, in the opinion of the Company's affiliate or authorized vendor and the Insured Person's treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person's initial medical facility.

"Home Country" means, with respect to an Insured Person, the country or territory as shown on the Insured Person's passport or the country or territory of which the Insured Person is a permanent resident.

"Host Country" means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person's Home Country.

"Physician Advisors" mean physicians retained by the Company's affiliate or authorized vendor for provision of consultative and advisory services to the Company's affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company's affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn't notify the Company's affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

## MEDICAL EVACUATION AND REPATRIATION BENEFITS

**Emergency Medical Evacuation:** If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the *Medical Director* of the Company's affiliate or authorized vendor, the Company's affiliate or authorized vendor will provide an emergency medical evacuation (under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

**Dispatch of Doctors/Specialists:** If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

**Medical Repatriation:** After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the *Medical Director* of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

**Transportation after Stabilization:** If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person's originally booked travel arrangements) to the Insured Person's original point of origin, Home Country or Host Country.

**Transportation to Join a Hospitalized Insured Person:** If an Insured Person who is travelling alone is or will be hospitalized for more than three (3) days due to a Sickness or Injury, the Company's affiliate or authorized vendor will coordinate round-trip airfare for a person of the Insured Person's choice to join the Insured Person. The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

**Return of Minor Children:** If an Insured Person's minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person's Injury or Sickness, the Company's affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person's Home Country. The Company's affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company's affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor children (or upgraded transportation to match the Insured Person's originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor children back to the Insured Person's Home Country.

**Repatriation of Mortal Remains:** In the event of an Insured Person's death, the Company's affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person's cremation or the return of the Insured Person's mortal remains. The Company's affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence.

## CONDITIONS AND LIMITATIONS
